

Has your company developed critical presentations created in Power Point or Video that highlight your special capabilities, products or and services? Are you looking for a way to preview and promote an on demand webinar that you've produced to reach a greater audience? *PlantServices.com* has an exciting new way to enhance your presentation materials to make them an even more effective sales and marketing tools and deliver high quality sales leads.

Our new Visual Technology Program will take your current Power Point presentations or Video and energize them into robust, eye-catching rich media using the latest Flash technology. As an added bonus, you can provide your own custom voice over content for even greater impact. Plant Services will then promote and deliver your message with a registration page via our popular Multi Media Alert E-blast delivery (**sample: http://portal.sliderocket.com/AFBSC/Why-Precision-Alignment_Plant-Services**) and a customized, targeted list of potential buyers.

Your new Flash presentations are then archived and made available anytime for our audience to review at our Plant Services Technology Presentation Portal located at PlantServices.com.
